Upcoming Events, cont.

The background of the slide features a cosmic scene. On the right side, a large, reddish-orange planet, likely Mars, is partially visible. The rest of the background is a dark space filled with numerous small, glowing yellow and white stars, and a cluster of larger, brownish-yellow spheres that resemble a protoplanetary disk or a star-forming region.

- **Mars Extant Life: What's Next?**
January 29 – February 1, 2010, Carlsbad, NM.
Abstract deadline, November 15, 2019.
